## Take on massive real dungeons by YOURSELF

A brand-new interactive attraction where you and your friends can team up to take on monsters, discover items, and conquer traps in an anime/video game-style adventure.

"The dungeon" is an extremely challenging game mode that blocks players from progressing to deeper levels. You'll need a combination of physical strength, intelligence, luck, teamwork, and a never-give-up attitude.

FIGHT, SHOOT, PULL,  
DODGE, SEARCH...

The following people should not use the facility:

- Pregnant women, people with weak hearts, serious illnesses, or medical devices such as pacemakers, and people with broken bones regardless of the location of the fracture
- People with conditions that may worsen with use of the facility (such as heart disease, high blood pressure, dizziness, claustrophobia, respiratory diseases, seizures, noise sensitivity, history of seizures caused by light sensitivity, fear of the dark, diseases of the neck, back, waist, or legs, and people with sensitive skin)
- People who easily get motion sickness
- People who have consumed alcohol or are under its influence
- People who are not feeling well or are currently receiving medical treatment
- People who do not follow the instructions of the warning signs or staff members
- Please refrain from using sandals, shoes with open toes, or high heels in this facility.

PLAY GUIDE

# How far can you proceed your adventure?

## QUEST 2

Collect map fragments to complete the map!

In this wide-ranging dungeon, find the **"correct number"**! However, numerous obstacles will stand in your way!

## QUEST 1

Use your sword skills to repel the monsters!

As you enter the dungeon, a large number of monsters will attack you! The key to success is your "sword skills"!

### How to use sword skills

Pull your sword to the left back or right back, or above to **charge power**.  
Swing your sword quickly in a horizontal or vertical direction.  
**Your sword skill will be activated.**

\*The effect may vary depending on your level,

## QUEST 3

Break through three rooms!

In order to find the items to defeat Boss characters, Kirito and Asuna, you must pass through three rooms. However, each room is filled with double-traps!

Rescue the captured Silica!  
**Throwing, spatial recognition, mazes.**

Build the monument!  
**Giant puzzles, memory.**

Take down the wasp with accuracy!  
**Archery, predictive ability, precise movement.**

Open the gate!  
**Power (pulling force), prediction.**

Refine and create powerful weapons!  
**Power (rotating force), rhythm.**

Break through security with a smile!  
**Agility, predictive ability, a smile.**

Crawl through the spider's web!  
**Accurate movements, spatial recognition.**

Open the lock without getting caught in the trap!  
**Accurate movements, listening, estimation.**

## QUEST 4

The trap room of nightmare.

Traps surrounded by a large number of monsters. Can you survive?

## QUEST 5

Finally, face off against Kirito and Asuna!!

Head to the depths of the dungeon where Kirito and Asuna await!  
Win the one-on-one duel!

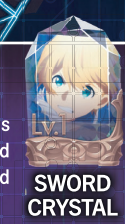

STARTING PIT

EXIT

"Strategy items" to assist in adventure.

Various skills are required in the dungeon, but items can fill the gaps in strengths and weaknesses and support the strategy. These items can be obtained upon initial registration.
