Logo

Chiba literally means a thousand leaves. The logo was inspired by the idea where the green leaf symbolizes the abundance in nature while blue with the Japanese pattern signifies the ocean and waves. The fragment represents the available space awaiting local and global visitors and supporters to fill in. The seed-like pattern in the center embodies the threshold where diverse population co-exist to nurture innovation, knowledge, and legacy.

Kisarazu is an oceanic gateway of Boso, so the geisha profession emerged and developed. You can enjoy the ritual action and skillful knife handling.

Today, there are 40 breweries.

Urayasu Hayashi

Urayasu Hayashi is a musical accompaniment performed by five musicians playing one flute, one large drum, one small cymbal, and two *shime-daiko* drums. It was designated as an intangible cultural asset by Urayasu City in 1975. To the music, *sato kagura* (popular ritual dance) or *shishimai* (ritual dance with a lion's mask) performers dance around the venue and thrill the audience.

Wadaiko Arakawa Shachu

This family drummer trio, comprising parents and their daughter, was established in Nagareyama City, Chiba in 2005 with an aspiration to excite and cheer up everyone.

Message from the trio

It is also possible to provide other Japanese entertainment content suitable for the occasion.

Festival Square

Stalls are indispensable items to festivals in Japan. Stalls for water-filled yo-yo balls, shooting, and other games will be installed in the venue to create a festive atmosphere. It is also possible to arrange for traditional Japanese craftsmen who specialize in artistic candy making, portrait drawing, and so on. Feel the atmosphere of a real Japanese festival!

Kabuki Plan

Make your convention's reception special with a wide range of entertainment, including kabuki, sword fights by armored samurai warriors, attractive courtesan *oiran* and geisha entertainment, *Kagura Daija* (mythical serpents), *Henmen* (face-changers), kabuki-style illusion magic by magicians in full costume, and ninja attractions.

ACTIVITY PROGRAM

Despite its proximity to the Tokyo Metropolitan Area, Chiba Prefecture is rich in nature. You can easily experience farming and fishing, such as planting rice seedlings, fishing on the beach with nets, and fruit picking. Such activities are available as part of Business Events programs (for team building, etc.).

Harvesting in Nature

Picking fruits, such as strawberries, blueberries, pears, loquats, watermelons and melons, is possible throughout the year.

Craft Making and Boat Ride

You can have unique experience such as glassblowing, riding on a Sawara boat, or riding on a retro-style local railway.

Fishing

Chiba Prefecture is surrounded by the sea on three sides, making it the perfect place to enjoy a fishing program (clam digging, fishing on the beach with nets, set net fishing, brush weir).
